Director Mr. John Peryer  
Europäische Schule München  
Elise-Aulingerstr. 21  
81739 München

Dear Ms Brimelow, Dear Mr Peryer,

For the past number of years the children, the parents, the child carers, the Parent's Association and the Ressortleiter of the Garderie have to face the same stress between Christmas and summer regarding the allocation of rooms for the Garderie. To highlight the problems being faced the parents and children of the Garderie are organising a demonstration on 6 May 2009 between 14.00 hrs and 16.00 hrs outside the school.

Our requests are:

1. to have the Red container or similar available for use by the Garderie as and from 1 September 2009
2. to keep the above every year until the new school annex is built in 2017/2019
3. to put pressure on the relevant German and Munich city authorities that the new school annex be built in two years rather than the planned eight to ten years.

On behalf of the parents of the Garderie,  
Yours sincerely,

Tom de Backer - Chairman of the Parent's Association  
Georg Weber - Deputy chairman of the Parent's Association  
Mike Spillane - Ressortleiter of the Garderie"
